

IN THE SUPREME COURT OF THE STATE OF NEVADA

REV. LEONARD JACKSON,
Appellant,
vs.
FAIR MAPS NEVADA PAC; AND
BARBARA K. CEGAVSKE, IN HER
OFFICIAL CAPACITY AS NEVADA
SECRETARY OF STATE,
Respondents.

No. 80563

FILED

MAR 23 2020

ELIZABETH BROWN
CLERK OF THE SUPREME COURT
BY  DEPUTY CLERK

ORDER DENYING MOTION

Respondent/cross-appellant Fair Maps Nevada PAC has moved to dismiss this appeal and for sanctions on the ground that appellant/cross-respondent prevailed at trial and is therefore not aggrieved as required by NRAP 3A, and on the ground that NRS 295.061(3) prohibits an appeal from the district court's order. Fair Maps further contends that appellant/cross-respondent is engaging in delaying tactics to prevent respondents from moving ahead with the petition in time for the election, and they seek sanctions. Appellant/cross-respondent opposes the motion, and Fair Maps has filed a reply.

Having considered the arguments of the parties, this court denies the motion to dismiss and for sanctions. The appeal may proceed. Fair Maps may move this court to set an expedited briefing schedule as it deems warranted.

It is so ORDERED.
